Short Bio

American-born and based in Stuttgart, Germany, Frankie Owls is a blues guitarist blending Delta blues, soul, Americana, and blues rock into an authentic, roots-driven sound.

A proud United States Marine Corps veteran, Frankie has performed hundreds of live shows across southern Germany, from intimate blues clubs and cafés to festivals and concert stages. His performance at the Internationales Straßenmusikfestival Ludwigsburg was featured by the Ludwigsburger Kreiszeitung (LKZ), which described his mission to bring blues and soul to a wider audience.

Alongside his solo career, Frankie has worked as a session guitarist for Aurélie, performing and recording on her debut EP AMOMANA.

His debut EP is currently in the works, blending traditional blues, soul, roots, and Americana with honest songwriting, expressive guitar work, and stories shaped by faith and lived experience.

Rooted in faith, tradition, and authentic storytelling, every performance is built on one simple belief:

Every Note Counts.

LIVE FORMATS

SOLO

Authentic Delta blues, soul, roots, and Americana performed with voice and guitar. Perfect for listening rooms, blues clubs, churches, wineries, cafés, and intimate festivals.

DUO

Available with harmonica, percussion, drums, or other guest musicians, creating a fuller sound while preserving the intimacy and authenticity of the blues. Ideal for clubs, festivals, restaurants, and private events.

Booking / Availability

Based in Stuttgart, Germany

Available from Fall 2026 (all through Europe)

Tech Rider

Solo Performance

To deliver the best possible performance, the following is requested:

- 1 × Vocal microphone with stand
- 1 × Guitar microphone (for vintage/parlor acoustic guitars)
- 1 × Active DI box
- 1 × Monitor wedge
- 230V power supply near the performance position

Setup time: 15 minutes

Soundcheck: 10–15 minutes

Duo Performance

Requirements are the same as the solo setup, with additional microphones and inputs depending on the accompanying musician (harmonica, percussion, drums, or other guest instruments). Technical requirements will be confirmed in advance with the event organizer.
